Hi Jeannie, Joe,

I hope you had a good weekend.

The Draft SEIS documents were uploaded to the FTP site in folder “**DRAFT SEIS (02Nov15)**”:

Link: <ftp://ftp.louisberger.com/>

User: SEIS

Password: Team

Documents consists of the:

- Main report as a single pdf (all chapters, including the first draft of the Executive Summary)
- All Appendices as separate pdfs. The exception is Appendix C (Phys. Oceanography) which is still being assembled. Specifically:
  - C-1 (Field data): Done

- o C-2 (Modeling): Jim edited it over the weekend; I will review it today and tomorrow.
- o C-3 (Sediment Transport report): Jim is still editing it (as he said he would last week). Once I receive the revised C-3, I will review it as well, and combine all three reports into a single pdf for App C, and forward it to you as well (along with the WORD version of C-2 and C-3).
- Also included within the SEIS (DRAFT) folder is a subfolder with selected WORD files for editing by the CTDOT Project Team (please use TRACK CHANGES) of:

o **Executive Summary:** As stated above, the ExeSum is only the first draft that has not yet been review by the CTDOT Project Team. (This draft is also attached to this email for your convenience.)

o **Chapters 1 and 2:** These chapter should be looked over in some detail (with focus specifically on regulatory text),

**Ex. 5 - Deliberative Process**

o **Chapter 5:** Please review specifically Section 5.8 – Preferred Alternative. As mention is my previous email last week,

**Ex. 5 - Deliberative Process**

**Ex. 5 - Deliberative Process**

o **Chapter 10:** For adding the mailing addresses of the Draft SEIS (to be done by USEPA). (So far it is consist just of the Chapter title.)

o **Appendix G (Sediment Chemistry):** In case you wish to review it;

**Ex. 5 - Deliberative Process**

**Ex. 5 - Deliberative Process**

o **Appendix H (EFH):** In case you wish to review it;

**Ex. 5 - Deliberative Process**

**Ex. 5 - Deliberative Process**

Please let me know if you have any questions.

Hi Bernward,

I have to be responsive to management. So, I have a question for you.

The plan as of last week was the following:

Full draft for EPA internal review by 10/26-11/9 (Now it is nov 5-19).

Revised document to EPA to send to Cooperating agencies on 11/16 (now it is Nov 23).

Please provide documents that have not yet been reviewed by the Project team NO LATER THAN MONDAY at NOON.

This will give us a day to review.

Full submittal should be to EPA by Wednesday, November 5<sup>th</sup>.

Please let me know if you will have problems meeting these timelines.

Thanks, Jeannie

Bernward,

I have been with HQs in a 3 day meeting, so I have not looked at the latest version.

I am not sure if there will be additional comments, can let you know later today.

Hi Jeannie,

I noticed in the Track-change version a few comments in Sections 5.1 to 5.7. Are there additional comments on those section coming (based on the latest submitted version), or I assume correctly that this is it before we compile the document into a pdf?

Thanks!!

Bernward,

Attached is Chapter 5. Revised and integrated. So, there is a track changes section and a “clean version”

Please let me know when Appendix C will be available- this is an urgent matter... one of the last items to wrap up

Yes, when will the exec summary be available for my review?

In order to submit the Cooperating Agency package by November, as discussed yesterday, we need to see the entire package for two weeks.

I expected to have that package by next week. Is this possible?

If you need to talk to me, please call me on the cell, I am in meetings Mon and Tuesday. Thanks!

Ok. Thanks. Will proceed accordingly.

Next week is fine. I am integrating comments to Chap 1+2, and am mostly done. Will send the revised version on Tuesday (I am out of town Monday.)

Next week:

- Will look for your revised Section 5.8 for review and integration to Exec Summary
- Work on Exec Summary
- Prepare a single pdf of all sections

Wednesday 4:00pm is fine. I make a note

Bernward.

Hey, I was wondering if you were around today.

Yes, there will be copies sent.

The 60 day review period is fine.

Keep in the SMMP. I may have an SMMP for just one alternative.

Good questions – comments below:

Thanks.

We should plan to talk next week. I am in meetings Mon-Wed.. but could be around later on Wed afternoon. I will call you .. around 4 if that works.

Hi Jeannie, some questions for Chaps 1 and 2:

- Will there be a Chapter 10 (as there was in the 2004 EIS): “**List of agencies, organizations, and persons to whom copies of this SEIS have been sent**”). Seems to me that in the age of searchable pdf files and reducing our carbon footprint that step (thus also this chapter) is

## Ex. 5 - Deliberative Process

- I am entering “60-day review period”, as discussed.
- I am leaving out the SMMP for the Draft SEIS review for now (to be done at a later time, as discussed, when the alternative selection is finalized with the Public’s input). Still the latest approach?

Please advise. Thanks.

Have a great weekend,

Bernward
